

# WE GOT THE JOB!

## Gallows Road Improvements

We are pleased to announce that Inova Health Care Services has awarded Shirley a \$7.4 million contract for the Gallows Road Improvements project in Fairfax County, VA.

As part of Shirley's scope of work, the project team will widen Gallows Road between Willow Oaks Corporate Drive and Woodburn Road, which is located in front of the Inova Fairfax Hospital complex. The project team also will make improvements to the I-495 Beltway Outer Loop off-ramp onto Gallows Road. Four new traffic signals and new pedestrian facilities will be constructed to improve traffic congestion in the area.

Work is underway and substantial completion is scheduled for August 2015.

Congratulations to everyone involved in this winning effort!
